**Senior Move Coordinators Announces Membership with
National Association of Senior Move Managers**

Highlands Ranch, CO – Senior Move Coordinators is pleased to announce their membership with The National Association of Senior Move Managers (NASMM).

NASMM (www.nasmm.org) is a professional organization dedicated to assisting older adults and families with transition issues relating to downsizing from their home. “On behalf of NASMM, I am pleased to welcome Senior Move Coordinators to our growing family of premier senior move management providers,” said Mary Kay Buysse, NASMM’s Executive Director. NASMM members adhere to a strict code of ethics, provide proof of insurance, and deliver their services with integrity.

Senior Move Coordinators was cofounded by Erica Starich and Diane Palazzo. Since 2005, both Erica and Diane have run successful home staging and interior redesign businesses, and teamed up a couple of years ago. Numerous projects have encompassed more than just the design aspect to include project management. Along with personal experiences of assisting family through downsize transitions, they understand the stress this can place on families. As a result, they expanded their services in April of 2010 by forming Senior Move Coordinators.

“We are dedicated to helping minimize stress during a senior downsize transition. Our services are designed to address every detail of the move and are customized to fit individual needs.” said Erica Starich. Visit their website at www.SeniorMoveCoordinators.com for the top five downsizing tips and much more. Senior Move Coordinators serves the Metro Denver area.
